

CV7-SIL

No need to change your old navigation system

**The ultimate solution
to replace a Nexus,
Silva or Furuno FI-30 !**

With the CV7-SIL ultrasonic wind sensor, you can replace your old Nexus NX2, SILVA or FI30 masthead unit and keep your navigation system. The SIL option is a firmware setup for CV7 models.

SILVA Wind

Furuno FI-30

Nexus NX2

If you own one of these display models and your masthead unit no longer operates, the CV7-SIL will meet your expectations.

Accurate

Zero configuration

Cost effective
